New Jersey Population Not Served By Public Libraries, by County and Municipality: 1980 Census Population and 1986 Population Estimate 42

INTRODUCTION

The New Jersey State Library annually compiles statewide library statistics to help libraries analyze and improve programs and services. Trustees and library directors use the statistics to develop and justify budgets and for comparative evaluation of programs, staffing practices and collection development. School and college library staffs use the statistics to identify interlibrary loan resources and to establish cooperative service programs.

Public library services in New Jersey are provided primarily by three types of libraries:

1) **Municipal** - library established by law following a referendum in which the majority of voters decided to establish such a library. It is supported by taxes and is governed by a seven-member board, appointed by the mayor, which must include the mayor and the superintendent of schools. There are 223 municipal libraries identified in the tables by an **M.**

2) **County** - library established by law following a county-wide referendum approved by a majority of voters. It is supported by taxes and governed by a board known as the county library commission, composed of five members appointed by the freeholders. There are 14 county libraries identified in the tables by a **C.**

3) **Association** - library established, governed and supported by an association of citizens. Such an association is incorporated, forms its own constitution, appoints or elects its own board and is responsible for operation of the library. It may receive tax support from the local governing body. Only those association libraries whose services are free to the public are included in this publication. Some libraries formerly listed as association libraries are now branches or stations of their county libraries. Assocation libraries, numbering 72, are identified in the tables by an **A.**

In addition, there are six **joint** libraries in New Jersey which are identified in the tables by a **J.** A joint library is established by law following a referendum in two or more municipalities which was approved by the majority of voters. It is governed by a board appointed by the mayors of the participating municipalities.

The State Library has designated 26 libraries as **area** libraries. Each of these libraries is a headquarters library under contract with the state for specialized services to libraries within a given geographic area. The 26 area libraries are indicated in the tables by an asterisk (*) before the library name.

Summary tables show the number and percentage of population served by public libraries (Tables 1 and 2), libraries according to size of population served (Table 3), libraries according to total expenditures (Table 4), libraries according to type and total expenditures (Table 5), and by the Regions of New Jersey (see page 41).

Tables showing individual library statistics by county and a state summary constitute the body of this publication. These data include the 1986 New Jersey state population estimate figures for population served and equalized valuation. Where a public library is supported by more than one municipality, the figures shown represent combined municipalites.

Explanation of the column headings follow. Where data has been taken from annual public library statistical reports for 1986, the line number of the report used is given in parentheses at the end of the explanation of each column heading below.

POPULATION SERVED 1986

Total population of New Jersey as of July 1, 1986, was 7,620,330 as stated in the **Population Estimates for New Jersey, July 1, 1986,** Provisional, issued by the Office of Demographic and Economic Analysis, New Jersey Department of Labor (September 1987). An estimated 7,529,873 of this population were served by a public library, defined as the accessibility of a public library within a municipal boundary or service provided by a county library. As indicated in the tables, two municipalities contract for library service. Their populations total 13,317. The remainder of the population, 77,140, is unserved, residing in municipalities not served by a county library or any local library.

The population served by a county library is the total of all municipalities which provide tax support, including the populations of the member-libraries listed below the county-library entry.

EQUALIZED VALUATION

Equalized valuation of municipalities is supplied by the Division of Taxation, New Jersey Department of the Treasury, 1986. Amounts are shown to the nearest thousand dollars and exclude municipalities which do not officially support library services. For county libraries, the equalized valuation reported is the total of all municipalities which provide tax support.

INCOME: LOCAL TAX

Local tax support is shown as reported by individual libraries as the sum of appropriated and additional tax support. (Line 14)

NOTE: Calculation of State Library Per Capita Aid is based on amounts expended from municipal or county budgets for library purposes.

INCOME: PER CAPITA STATE AID

Amounts shown as **per capita state aid** were reported as paid in 1986 to municipalities and counties with libraries. State Aid to area libraries, research libraries and emergency aid/incentive grants is not shown in this column. (Line 16)

INCOME: TOTAL

Amounts shown are library operating income from all sources (Line 24), but excluding the balance brought forward from the prior year (Line 11). State aid to area libraries, research libraries and for emergency aid/incentive grants is included. (Line 24 - Line 11)

EXPENDITURES: SALARIES, WAGES AND BENEFITS

Amounts reported here include salaries, wages and fringe benefits paid in 1986 to all library employees, including maintenance personnel, whether paid from the library budget or from the municipal or county budget. Retirement benefits paid are excluded. (Line 28)

EXPENDITURES: LIBRARY MATERIALS

Included are the amounts expended for books, periodicals, newspapers, microforms, all other non-print materials and binding. (Line 33)

EXPENDITURES: TOTAL

Total expenditures for 1986, as reported by libraries, represent current operations and exclude amounts spent for capital improvements, repayment of loans, etc. The difference of total expenditures, less those for salaries, wages and benefits and for library materials, represents all other operating expenditures. (Line 37)

NOTE: Total Expenditures may exceed Total Income, since the balance carried forward from 1985 (Line 11) has been deducted to yield current-year income.

PER CAPITA: LOCAL EXPENDITURES

These amounts are derived by dividing total expenditures by population served. This column excludes amounts paid by municipalities in support of county libraries.

PER CAPITA: EXPENDITURES INCLUDING COUNTY TAX

For county libraries and county-library members, these amounts are derived from the sum of total local expenditures and county-library tax support paid, divided by population served. (While amounts paid by municipalities in support of a county library are not printed in these tables, they are included in these computations and were taken from county abstracts of ratables.)

NOTE: For Morris County libraries, both Level I and Level II taxes paid are used in this column.

STAFF: PROFESSIONAL CERTIFIED

Numbers appearing in this column represent full-time and part- time librarians who hold New Jersey Professional Librarian Certifications. (Line 42a)

STAFF: FULL-TIME

In this column, the number of individuals working full-time for a minimum of 30 hours per week as of December 1986 is reported. (Line 39b)

STAFF: FULL-TIME EQUIVALENTS (FTE)

This column represents the total of part-time and full-time employees equated to a number of full-time positions. The minimum work week is assumed to be 30 hours. (Line 42b)

VOLUMES OWNED YEAR END

These amounts represent the number of books (including books in microform if cataloged) reported as owned at the end of 1986. Other materials which are prepared, cataloged and recorded in the same manner as books are also reported here. (Line 47b)

VOLUMES: PER CAPITA

These amounts are derived by dividing the number of volumes owned at the end of the year by the population served.

VOLUMES: PURCHASED DURING YEAR

This column reports the number of volumes purchased (including books in microform if cataloged) by public libraries in 1986, exclusive of gifts and volumes supplied by county libraries. (Line 45b)

TOTAL CIRCULATION

Reported here is the total circulation of library materials, adult and juvenile, including reciprocal borrowing, loans of library materials in bulk to other institutions and interlibrary loans. (Line 58)

SUBSCRIBED PERIODICALS

Numbers shown equal reported number of current paid subscription titles, including newspapers and magazines other than annuals, at the end of 1986. (Line 48)

HOURS OPEN WEEKLY

This column reports the number of hours per week the main library was open for public service during the major part of 1985. (Line 60)

AVERAGES

Averages have been calculated for county-member subtotals, county summaries, and state totals for the following columns: Per Capita Local Expenditures, Per Capita Expenditures Including County Tax, Volumes Per Capita, and Hours Open Weekly.

AVERAGE PRICE PAID FOR BOOKS IN 1986 BY NEW JERSEY PUBLIC LIBRARIES

Average Price Paid Per Volume in 1986: $11.88

Many libraries use the average price per volume to assist in setting their budgets for library materials and to meet the State Library Aid Administrative-Code criteria for number of volumes purchased. As detailed in the New Jersey Administrative Code, 6:68-1.5(b), the funds spent for audiovisual materials, when divided by the average price paid per volume in the most-recent year published, gives an equivalent number of volumes which may be added to the number of print volumes purchased. Alternately, the total materials expenditure (except periodicals) may be divided by the average price per volume to yield the total number of volumes purchased.

From the 1986 annual statistical reports, Line 29 (Columns a+b), "Expenditures for Books," totaled $13,817,957 for the 302 public libraries reporting. The total of Line 45, "Book Stock: Number of Volumes Purchased," was 1,163,638. Thus, the average price per volume purchased in 1986 was $11.88.

The $11.88 average price for 1986 will be used in 1988 for calculation of the FY 1989 State Library Aid requirement for the number of volumes purchased in 1987.

TABLE 2
POPULATION SERVED

	POPULATION	PERCENT OF STATE POPULATION
POPULATION SERVED	7,529,873	98.81
POPULATION NOT SERVED	90,457	1.19
	=========	======
	7,620,330	100.00

*Two otherwise-unserved municipalities contract with other municipal public libraries for library services:

Englewood Cliffs (see p. 15)	5,816		
Guttenberg (see p. 24)	7,501		
Total Population, Contracting Municipalities:		13,317	0.18
With the 13,317 population counted as "Served", the "Not Served" population amounts change to:		77,140	1.01

The following tables are based upon the "Population Served" of 7,529,873, which excludes the two municipalities contracting for library services.

TABLE 5
LIBRARIES ACCORDING TO TYPE AND TOTAL EXPENDITURES

LIBRARY TYPE=1. LIBRARIES NOT MEMBERS OF CO LIBRARY

	TOTAL EXPENDS	POPULATION[x]	NUMBER OF LIBRARIES	PERCENT OF STATE POPULATION	EXPENDITURES PER CAPITA[y]
MUNICIPAL LIBRARIES (M)	$89,537,220	4,948,891	213	64.94	$18.09
JOINT LIBRARIES (J)	$2,663,012	119,616	6	1.57	$22.26
ASSOCIATION LIBRARIES (A)	$968,204	105,356	12	1.38	$9.19
NON-RESPONDENTS		17,468	4	0.23	
SUMMARY	$93,168,436	5,173,863	231	67.90	$18.01

LIBRARY TYPE=2. COUNTY LIBRARIES

	TOTAL EXPENDS	POPULATION[x]	NUMBER OF LIBRARIES	PERCENT OF STATE POPULATION	EXPENDITURES PER CAPITA[y]
COUNTY LIBRARIES (C)	$30,079,125	2,338,542	14	30.69	$12.86

LIBRARY TYPE=3. COUNTY LIBRARY MEMBERS

	TOTAL EXPENDS	POPULATION[x]	NUMBER OF LIBRARIES	PERCENT OF STATE POPULATION	EXPENDITURES PER CAPITA[y]
MUNICIPAL LIBRARIES (M)	$2,469,237	183,127	7	2.40	$13.48
ASSOCIATION LIBRARIES (A)	$2,647,869	409,569	52	5.37	$6.47
NON-RESPONDENTS		64,625	7	0.85	
SUMMARY	$5,117,106	592,696	59	7.78	$8.63

LIBRARY TYPE=4. COUNTY LIBRARIES & MEMBERS (2+3)

TOTAL EXPENDS	POPULATION[x]	NUMBER OF LIBRARIES	PERCENT OF STATE POPULATION	EXPENDITURES PER CAPITA[y]
$35,196,231	2,338,542	73	31.13	$15.05

LIBRARY TYPE=5. STATE TOTAL (1+2+3)[z]

TOTAL EXPENDS	POPULATION[x]	NUMBER OF LIBRARIES	PERCENT OF STATE POPULATION	EXPENDITURES PER CAPITA[y]
$128,364,667	7,512,405	304	98.58	$17.09

Notes on Table 5: "Libraries According to Type and Total Expenditures"

x. **Population** served totals in this table **exclude** the population of the four (4) non-respondent municipal and exempt libraries having a total population of 17,468.

y. **Expenditures per capita** in this table **exclude** the populations of the four (4) non-respondent municipal and exempt libraries, whereas the statewide summary sheet for the 1986 public library statistics includes these people. Hence, the variance in per-capita expenditures: $17.05 with the additional 17,468 population included; $17.09 with them excluded.

z. In computing statewide totals for this table, add together "Library Types":

Total Expends. = 1+2+3
Population = 1+2 (since 2 includes population of 3, 3 is excluded here)
Number of Libraries = 1+2+3 (note that 11 non-respondents are excluded)
Percent of State Population = 1+2, but note **exclusion** of 17,468 non-respondent library population.

Expenditures Per Capita = $$\frac{\text{5. Total Expends}}{\text{5. Population}}$$

ANALYSES OF NEW JERSEY PUBLIC LIBRARY STATISTICS FOR 1986

Prepared from annual reports submitted
by the public libraries of New Jersey

Barbara F. Weaver
Assistant Commissioner of Education and State Librarian

Compiled by
Robert K. Fortenbaugh

New Jersey State Department of Education
Division of the State Library
185 W. State Street
Trenton, New Jersey 08625-0520

October 1987

ACKNOWLEDGMENTS

Acknowledgment is made to the Library Research Center, Graduate School of Library Science, University of Illinois at Urbana-Champaign, whose **Analyses of the 1979-80 Illinois Public Library Statistics** (1980) provided the model, general format and some of the analytical measures used in this publication.

Other useful data was obtained from **Output Measures for Public Libraries: A Manual of Standardized Procedures,** by Douglas Zweizig and Eleanor Jo Rodger, American Library Association (Goals, Guidelines and Standards for Public Libraries Committee, Public Library Association), 1982.

The computer programs needed for this compilation were developed by the Bureau of Information Resources Management, Division of Administration, New Jersey State Department of Education.

Word-processing of the introductory material in this volume was done by Patricia Polo and Edith K. Beckett. Cover design was by Carol J. Du Bois.

Rank of Local Tax Support Per $1,000 of Equalized Valuation 80

Summary Table by County 86
Summary Table by Population Served 87
Summary Table by Total Expenditures 87

PREFACE

This publication continues to evolve from an experimental one to a format that will be more standard in future years.

Made possible by the inputting of 1986 data into the public library data base, the purpose of this volume is to add meaning to the statistics of New Jersey's diverse public libraries. By reducing such large amounts as equalized valuation to a per-capita basis and by looking at circulation of library materials in light of the number of volumes held, for example, libraries small and large can be viewed in a new way.

For the **1986 Analyses . . .** volume, two analyses begun in 1984 have been continued. Summary data analyzing the six Regions of New Jersey is included, beginning on page 12. This regional analysis ties to the new regional summaries in the **New Jersey Public Library Statistics for 1986.** The second analysis continued for 1986 is a rank ordering of public library local tax support per $1,000 of Equalized Valuation. This measure compares local tax support for the public library to the true value of real property of the municipality or county, by dividing the former amount by the latter. In ranking these values from low to high and by giving population and total expenditures for each public library so listed, it is hoped that public libraries will have been given another method to compare their local tax support with those of other libraries of a similar size.

Since this publication is intended to assist the public library director and board of trustees, your comments and suggestions are welcomed and needed. Please send me your ideas at your earliest convenience.

Robert K. Fortenbaugh
Supervisor, State Library Aid and
Public Library Statistics

INTRODUCTION

Analyses of New Jersey Public Library Statistics for 1986 interprets data obtained from the annual reports of 304 public libraries. Using data published in **New Jersey Public Library Statistics for 1986**, this publication analyzes data in several different ways.

The libraries have been divided into groups by population and expenditure levels. Therefore, each library is listed twice. After each population or expenditure listing, a page follows which gives the arithmetic average, standard deviation, high, low, three percentile ranks and number of libraries reporting, calculated for each data element. The top half of each "averages and percentiles" page presents columns previously published in **New Jersey Public Library Statistics for 1986.** The bottom half of each page gives columns for this volume. (Because of limitations of computer-formatted printing, some columns may appear in a different grouping, but all columns are listed in the same order on all pages.)

The **average** (arithmetic mean) is the sum of the data for all libraries in a group divided by the number of libraries in that group. The **standard deviation** is a measure of distribution around the average of the values for all libraries in the group. In a normal distribution, roughly two-thirds of the values fall within plus-or-minus one standard deviation from the mean. The **maximum** is the highest value reported for the group; the **minimum** is the lowest value reported. The three **percentile** ranks, **75th, 50th,** and **25th,** are the values below which 75% of the group, 50% of the group, and 25% of the group are found.

For items summarized from the **New Jersey Public Library Statistics for 1986,** see pages 2-4 of that publication for definitions of the column headings.

Each library is listed by **LIBRARY NAME, POPUL SERVED 1986** (in the population listings), or **TOTAL EXPENDS** (in the expenditures listing), and **CO,** a two-digit **COUNTY** code, for which a key is provided in the County/Statewide Summary.

Several ratios and percentages for each library were calculated from the data available, as defined above. They are as follows:

Explanation (All data is for 1986)

EQ VAL PER CAP ($) - Equalized valuation per capita, in dollars: "Equalized valuation" is the true value of real property within a local taxing district, computed from the aggregate assessed valuation and actual sales of property, and used to distribute equitably State school and library aid, apportion county taxes, and measure municipal debt limits. The population count used is that listed in the **New Jersey Library Statistics** for this year.

LOC TX SUP PER $1000 EV - Local tax support per $1,000 in Equalized Valuation: Local tax support (income) for the public library per $1,000 in Equalized Valuation. This is a measure of the local support of the library compared to the true value of real property of the municipality or county.

LOC TAX SUP PER CAP ($) - Local tax support per capita, in dollars: The library income from local tax sources, per capita. This is another measure of the local support of the library.

LOC TAX SUP % OF TOT INC - Local tax support as a percentage of total income: The percentage of the library's total current operating income from local tax support.

PCSA % OF TOT INC - Per Capita State Library Aid as a percentage of total income: The percentage of the library's total income from the category of state library aid known as "per capita" aid.

PCSA % OF LOC TX SUP + PCSA - Per Capita State Library Aid as a percentage of the sum of local tax support and Per Capita State Library Aid: The percentage of the library's total budget from local-tax and state-aid sources that Per Capita State Library Aid represents.

SAL, W, B % OF TOT EXP - Salaries, wages and benefits as a percentage of total expenditures: Percent of total expenditures spent for salaries, wages and benefits of library employees, including maintenance personnel.

LIB MAT % OF TOT EXP - Library materials as a percentage of total expenditures: Percent of total expenditures spent for all library materials.

CIRC PER CAP - Circulations per capita: Number of circulation transactions per capita of the population served.

CIRC PER FTE - Circulations per full-time equivalent staff: Number of circulation transactions per full-time equivalent staff (based on a minimum 30-hour week, or actual).

CIRC PER VOL HELD - Circulations per volumes held: Number of circulation transactions per cataloged volumes in the collection at the end of the year.

CIRC PER HRS OPEN - Circulations per hours open: Total weekly circulation transactions per number of hours main library was open for public service in a week.

PROF % OF TOT STAFF - Professionals as a percentage of total staff: Percent of total library staff holding a New Jersey Professional Librarian Certification.

FTE PER M POP - Full-time equivalent staff per 1,000 population: Number of full-time equivalent staff per 1,000 population.

FTE PER WK HRS OPEN - Full-time equivalent staff per week hours open: Number of full-time equivalent staff per number of hours main library was open for public service in a week.

VOLS PER CAP - Volumes per capita: Number of cataloged volumes in the collection at the end of the year, per capita.

% VOLS ADDED - Percent of volumes added: Percent of volumes held that were purchased and added to the collection.

VOLUMES ADDED PER CAP - Volumes added per capita: Number of cataloged volumes purchased and added per capita.

TOT EXP PER CAP ($) - Total expenditures per capita, in dollars: Total library expenditures in dollars per capita.

MAT EXP PER CAP ($) - Materials expenditures per capita, in dollars: Library materials expenditures in dollars per capita.

TOT EXP PER CIRC ($) - Total expenditures per circulation, in dollars: Total library expenditures in dollars per circulation transaction.

TOT EXP PER HR OPEN ($) - Total expenditures per hours open, in dollars: Total library expenditures in dollars per number of hours main library was open for public service in a week.

These ratios and percentages are shown first by county and statewide summary, then by Regional subtotals. Next, the averages and percentiles of the printed and derived data are presented in statewide and regional summaries. Then, ratios and percentages are shown for each library individually within each population or expenditure group. After each population group or expenditure category, the averages and percentiles of the printed and derived data are given.

The averages for ratios and percentages are based on data in each case for all libraries taken separately rather than the total of one data element divided by the total of another element.

As indicated in the Preface, a ranking of local tax support per $1,000 of Equalized Valuation has been continued: All computed values for the variable "LOC TX SUP PER $1,000 EV" have been ranked from low to high for all 304 libraries reporting. Percentiles (25th, 50th, 75th and 100th) are given for all libraries reporting and are presented by county, population served, and expenditure categories. Where a " . " is printed, the variable has not been computed because data was missing.

Comparisons Among Groups of Libraries

Study of the averages gives a good general picture of each population group and each expenditure level. The average of each data element not only describes the group as a whole but also can provide interesting comparisons with other groups. For example, a county library may wish to compare its member libraries and itself with other county library systems.

Comparisons among different population groups or expenditure categories can suggest general trends. For example, **local tax support per capita** was $3.10 in the $0-24,999 expenditure category and then increased from $7.04 in the $25,000-49,999 category to $18.47 in the $500,000-999,999 group, falling back to $17.54 for the over-$1,000,000 category. The average library's local tax support per capita in New Jersey was $13.73.

Library materials as a percentage of total expenditures generally decreases with population and also trends downward with increasing expenditure levels: the four population categories under 15,000 have averages of 17.3, 19.4, 17.0 and 16.3, respectively. The two categories from 15,000 to 25,000 population are 14.7 and 14.4 percent, drop to 13.9, 13.5 and 12.0, and finally go up to 14.1 for the over-100,000 category, with a New Jersey average of 15.9. By the ten expenditure groupings, this measure begins at 16.7 percent for those in the $0-24,999 category, then 19.0, 20.0, 15.3, 17.2, 16.5, 16.0, 14.1, 12.7 and ends with 12.7 for the over-$1,000,000 category.

The percent of total staff with a professional librarian's certificate tends to rise as the population and expenditure categories rise, but only to a certain point. Among the smallest population category, under 5,000, 14.8 percent was the average reported. For the 5,000-7,499 category, the percent rose to 23.7, then 21.3, 26.4, 25.3, peaking at 32,0, 28.3, 29.1, 27.4 and 28.3 (100,000 or over), with a statewide average of 24.3 percent. Among the expenditure categories, this measure begins at 10.7 percent for the $0-24,999 category, rises to 15.7, 19.1, and 23.5 for the $75,000-99,999 category, then briefly drops, and trends upward from 22.9, 25.1, 27.6, and 29.4, to 29.4 percent for ($1,000,000 and over).

As can be seen in the tables below, **equalized valuation per capita** generally trends downward as population increases, but follows a more erratic path as total expenditures increase. **Local tax support per $1000 in equalized valuation,** on the other hand, appears to increase as both population and expenduture levels rise. **Local tax support as a percentage of total income** rises through the 15,000-19,999 population categories, then decreases slightly in the larger libraries to just above the statewide average. Similarly, **salaries, wages and benefits as a percentage of total expenditures** increases generally with population and expenditure levels, dropping only in the largest population group and the largest expenditure category. Like the percentage of professional staff measure, that of the **number of full-time equivalents per 1,000 population** begins at about the state average in the smallest population category, drops and then peaks at 0.62 and 0.63 in the 15,000-19,999 and 20,000-24,999 groups, respectively, and then trends downward to 0.43 in the largest category. The same measure when viewed by expenditure categories is an upward trend for the most part with its peak at 0.70 in the $500,000-$999,999 group and then a decline to 0.60 in the largest expenditure category.

Suggested Use Of The Tables

Individual libraries can readily be compared with others in the same population-size group or the same expenditure category. For example, the **Westfield Memorial Library** serves a population of 30,385 and has total expenditures of $532,461. It is listed individually in the tables for **"Population=25,000-37,499"** and **"Total Expenditures=$500,000-999,999."** When compared with other libraries in the same population group (see page 41, **"Averages and Percentiles of Statistics...Population = 25,000-37,499"),** Westfield's **local tax support per capita** is $15.21, above the group average of $14.88, and lower than 75% of the libraries in its population group, since the 75th percentile is $19.99. Its 8.8 **circulations per capita** is about 1.8 times the average of 4.9 and above the 75th percentile of 6.4. Other evidence of active collection use is that of **circulations per volume held,** which at 2.7 is well above the group average of 1.7 and higher than 75% of the libraries in its population group (at 2.4). Westfield holds 3.3 **volumes per capita,** above the group's average, but below the top 75% of the libraries (3.50).

When compared to other libraries in the same expenditure category, Westfield's **local tax support per capita** ($15.21) falls below the 50th percentile ($17.26), while its **circulations per capita** (8.8) is just above the 75th percentile. Westfield's **total expenditure per circulation** is $1.98, well below the expenditure-category average of $3.95 and below the 25th percentile ($3.21).

With this brief example, it can be seen that any library can compare itself not only with other libraries but with other groups of libraries.

In order to make the tables in this volume as meaningful as possible, data which are missing have been excluded from the calculations. Where a data element cannot be computed, an **X** is printed in the column. In figuring averages and other statistics for the group, that library's ratio or percentage is deleted.

A final word of caution on interpretation of the tables in this volume. Although every effort has been made to include only meaningful information in the calculations, one or two libraries which are very different from the group as a whole can alter the averages enough that a truly representative picture is not shown, especially when the total group is small. This may be so in certain columns, especially in the largest population group and highest expenditure category, as well as the statewide totals. Because of very high values reported by some large libraries, those averages and standard deviations may be distorted. In such cases, the percentile rankings will be less influenced.
